Listen and Repeat

Birds, Birds Everywhere!

Birds here and birds there,
Birds, birds, everywhere!
Some live in a pond.
Some live in a tree.
Some live in a hole.

Some live in a nest.
Some live on a roof.
Some live in a field.
Birds here and birds there,
Birds, birds, everywhere!

THB

Ask children to listen and repeat the lines. Then ask, "Who lives in a _____?" (e.g. pond). Encourage children to respond, "A _____ (e.g. duck) lives in a pond." Follow the same for the other birds too.

Write the names and join the birds to their young ones.
