Preface

Language learning becomes meaningful when children connect classroom experiences with the world around them. The Class 2 English Term 2 textbook has been designed to provide joyful and engaging learning experiences that encourage children to observe, explore, interact and communicate with confidence while developing creativity and critical thinking. The following unique features of the textbook will help children use English meaningfully and effectively in familiar and real-life situations.

Unique features of the textbook

Holistic Learning
Integration of motor skills, art, life skills and values

Worksheets
A space for independent practice to enrich language skills

Digital Resources
Audios, Videos and Inclusive books in QR codes

Teacher Support
Teacher notes in the textbook & Detailed description in the Teacher Handbook (THB)

Based on the principle of oracy before literacy and building on the foundations laid in Class 1, the textbook gives importance to the gradual development of language skills - Listening, Speaking, Reading and Writing.

Unique elements to support language learning

Get Set Go!
A warm-up for the lesson

Conversation Time
Language structures & Functional grammar

Peer Talk
Pair and group interaction
