2 Around Us

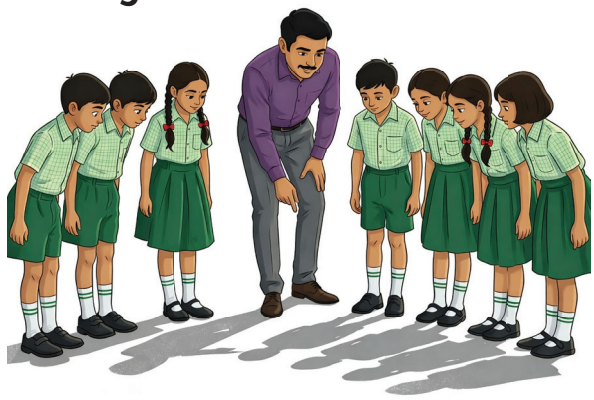

Wonders of Nature

Light and Shadows

Observe and Discuss

What is a shadow? How does it change?

Stand in the sunlight.
Do you notice the dark shade?
That is your shadow.

Light forms shadows.

Activity Time

Play the shadow copy game.

Arun and Salim are playing in the sunlight.

Arun does the actions as shown.

Salim watches only Arun's shadow and copies the movements.

Play this game with your friend.
