Do and Learn

1. Let us play together.

Draw a 4x4 grid on a sheet of A4 paper.

Cut it into 16 cards.

Draw 8 different pictures - each picture on 2 cards.

Place all 16 cards face down.

Turn any two cards. If they match, keep it aside.

If they do not match, place them back face down.

Continue until all the cards are matched.

2. Ask friends to speak about the fruit, vegetable, colour and game they like. Write it down.

Name of the friend	Fruit	Vegetable	Colour	Game

3. Make a paper flower and give it to your friend.

THB

Help the children do the above activities.
