## Let us Do

THB

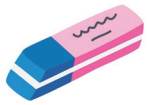

Arrange the children in two groups. Give them some clay and a few objects in the shapes of a cube, cuboid and cylinder. Ask one group to press any one object on the clay. Ask the other group to identify and name the shape formed by the imprint.

## Let us Practise

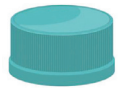

**Make an imprint of the given objects and write the names of the shapes obtained.**

.....

.....

.....

## Let us Explore

1. Which object cannot make a circular shape by making an imprint?

2.Which of the following is a rectangle? Why?
