Preface

The Environmental Science textbook has been developed in alignment with the Tamil Nadu State Education Policy (TNSEP) 2025, with a focus on child-centred, experiential and inquiry-based learning.

Key features that build Scientific Temper

Observe and Discuss
Builds observation, questioning, comparison and expression skills by discussing pictures and real-life situations.

Do and Learn
Promotes exploration, creativity, cognitive skills, measurement and recording skills through simple hands-on activities.

Do and Observe
Encourages prediction, observation, reasoning and drawing conclusions through simple experiments.

Activity Time
Promotes exploration, coordination and expression through play-based and group activities.

The Term II textbook is designed as two units that follow a progressive learning approach.

1. World of Plants

- Explores how plants grow from seeds and other plant parts.
- Classifies plants based on their observable features.
- Understands the functions and uses of leaves.
- Recognises common plant products.
- Practises of caring for plants.

2. Our Food

- Identifies and classifies food from plants and animals.
- Relates ingredients to common dishes.
- Understands the journey of food from farm to plate.
- Makes healthy food choices and prepares simple healthy snacks.
- Practises healthy eating habits and responsible use of food.

Assessment and Progress Support

Learning Check

Assesses children's understanding through simple observation-based and activity-based questions and helps identify learning progress and areas that need support.

What I Learnt

Helps children recall and reflect on key concepts learnt and supports revision and reinforcement of learning.

I Can Do

Provides opportunities to apply learning through simple oral and written tasks, projects and real-life activities, promoting confidence and independent learning.

This Environmental Science textbook promotes joyful and meaningful learning and helps children connect science to their everyday life. It supports the overall development of children by building values and skills and encourages them to become curious and responsible individuals.
