2 Our Food

Different Dishes, Different Tastes

How does our food have so many different dishes and tastes?

What did you eat today?

What did you eat? dear child,
what did you eat?

What did you eat for breakfast
this morning?

I ate idlis, I ate soft idlis
this morning.

What did you eat, dear child,
what did you eat?

I ate idlis with sambar
this morning.

THB Continue the song and write the names of the food items mentioned by children, on the blackboard.

GL1SQ

Observe and Discuss

Do these food items taste the same? Why do they taste different?

Idli

Pongal

Lemon Rice

Dosa

Dishes taste different because they are made with different ingredients. Ingredients are what we use to prepare food.
