Food From Animals

We get fish, milk, meat, eggs and honey from animals.

Milk and its Products

We use the milk of cow, buffalo and goat.

Do and Observe

Set curd in class.

1 Boil milk.	2 Add a teaspoon of curd and mix gently when it is warm.	3 Keep it undisturbed for a few hours.	4 Curd is ready!
			

How long did the milk take to become curd? _____

Activity Time

Sing the song with actions.

Milk, milk, in the pot,

Boil it, boil it, nice and hot!

Add some curd, leave it overnight,

Fresh curd comes by morning light.

Churn, churn, round and round,

Butter, butter, now is found!

Heat the butter, nice and slow,

Golden ghee begins to glow.
